Ali Hassan

SKILLS

Node.js, NestJS, PostgreSQL, REST APIs, Docker, AWS, Git

EXPERIENCE

Backend Developer with 3 years of experience designing scalable APIs and microservices using Node.js and NestJS. Strong background in cloud deployment and database optimization.

Backend Developer – Techlogix (2022–Present)

Designed and implemented REST APIs using NestJS and Node.js. Worked with PostgreSQL for database design and query optimization. Integrated third-party APIs and improved system performance by optimizing queries.

EDUCATION

Computer Science – UOL (2019 – 2023)

CERTIFICATIONS

- AWS Certified Cloud Practitioner
- Node.js API Development (Coursera)
