Professional Experience

August 2023 -
Ongoing

Product Manager

iTitans [Software Technology] (www.ititans.com)

Synovate Outsourcing (Department of iTitans)

As the head of iTitans' Software Outsourcing Department, I spearhead the entire project lifecycle, managing key US-based client relationships from initial discovery calls through to deployment. My responsibilities include:

- Leading end-to-end project management life cycle
- Conducting feasibility studies, cause-effect relationships, focus group testing providing time estimates, and managing budgets.
- Expanding the department from 2 to 14 employees, driving growth and efficiency.
- **Main Projects:**
 1. [5Star Roofing & Contracting](#) | Construction CRM
 2. [Med Legal Safe Keep](#) | Health Info Storage and Sharing
 3. [In Shape Dates](#) | Dating / Fitness Application
 4. [Dog Pro Xpress](#) | Connecting Dog Trainers & Dog Owners
 5. Guidon US Military | Navigation through Military Installations

[Kommerce Hub Inc. \[B2B Cloud ERP\]](#) (Department of iTitans)

- A multi-tenant live product currently serving 30 clients.
- Translated client feedback into actionable product improvements, leading to enhanced system performance and user satisfaction.
- Managed backlog, delegated tasks, and conducted backlog refinement and sprint planning for efficient product development.
- Spearheaded new feature development, including research, story writing, execution, and delivery.
- Solely managed critical modules: e-commerce, mobile applications, user preferences, notifications, and email systems.
- Successfully revamped the user experience for e-commerce and mobile applications, delivering customized solutions for over 8 clients in the US market.
- The product to successful multitenant deployment, live and active in the US market.

January 2023 -
August 2023

Product Manager

[Cloud Cloud \[Technology & Media\]](#) | Connecting brands & Social Media Content Creators for marketing campaigns.

- Focusing and empathizing on the User and their needs.
- Developing and executing product strategies and roadmaps to drive revenue growth and customer satisfaction.
- Collaborating with cross-functional teams including engineering, design, marketing, and sales to prioritize and deliver product features and enhancements.
- Conducting market and competitive research to inform product decisions and ensure a deep understanding of customer needs and preferences.
- Defining and tracking key performance indicators (KPIs) to measure product success and inform future development.
- Leading agile product development processes including defining user stories, managing sprint cycles, and facilitating product demos and feedback sessions.
- Communicating product updates and progress to internal stakeholders and customers.

August 2022 -
December 2022
